## President's Message

By Steve Gendler, IALEP SW Chapter President

Hopefully you have noticed a steady stream of announcements, updates, opportunities, and information coming your way from our chapter.

I want to take this opportunity to thank our secretary Kim de Beus, our webmaster Tiffany Anderson, and our board and members for the contributions.

Exchanging information is a cornerstone of our organization.

While I am on the subject of information, our host for the upcoming February meeting, the Chandler Police Department, has lined up quite a presentation. A special thanks to Candace Hammond for arranging the speakers.

Growth, expansion and changing demographics are the reasons for our profession and the topics should cause us to reflect on the implications for our agencies.

Please see the attached agenda, mark your calendars accordingly and we look forward to seeing you February 12th.

## LE Planner and Member News

By Kishonna Gray, MCAO Staff

The Arizona Republic recently published an article highlighting many of Scottsdale's top employees. A couple of those honors were bestowed upon IALEP members.

**Debra Allemang and William Davis** were both recipients at the 37th City Manager's Awards of Excellence Ceremony. They received the "Plan and Innovate" award for their efforts in police planning.

The following excerpt came from the City of Scottsdale's website:

"Planning Analysts Debra Allemang and William Davis have been

instrumental to the success of the police strategic planning efforts and have helped the department create a process that has been recognized internationally as a best practice in law enforcement.

They co-authored an article entitled, "Strategic Planning as a Management Philosophy" that was published in the December 2006 issue of Police Chief Magazine and have since hosted visitors from other agencies and countries to learn about the process.

The International Association of Law

Enforcement Planners notified Scottsdale that the process was selected to receive their annual award.

This award is granted to only one project annually in recognition of a significant contribution to the field of law enforcement planning.

The efforts of these two employees exemplify the value of "Plan and Innovate for the Future."

Good work and thank you, Debra and William for your contribution to our field.

Mark your calendars  
for our upcoming  
meeting!
